About Hortus

Founded in early 2021, Hortus Ground Care has dedicated itself to maintaining the gardens and grounds of both residential and commercial properties throughout Northamptonshire.

What began as a solo venture led by Dave Earl has since evolved into a thriving enterprise encompassing administrative personnel, independent contractors, and skilled landscapers. We take pride in our collaborative efforts with local businesses, fostering a sense of community support.

Maintaining a familial ethos within our operations, Hortus Ground Care includes several of Dave's family members in various capacities. Central to our mission is providing exceptional service to our clients and community.

We prioritize open communication, often engaging in friendly conversations with our clients. Additionally, we extend our services beyond routine maintenance, assisting during adverse weather conditions such as high winds by clearing downed trees and providing aid during floods by distributing sandbags.

Hortus Ground Care has expanded and progressed throughout the years and now incorporates our Commercial, Recycling and Timber Care divisions. Our original vision of personal, professional and exceptional service remains the same.

Soft Landscaping

At Hortus Ground Care Ltd, our experienced and dedicated team is committed to delivering a comprehensive range of services tailored to meet your specific garden needs.

We understand that every garden is unique, which is why we work closely with you to create customised solutions that align with your goals and requirements.

Our team consists of highly skilled professionals who bring expertise and attention to detail to every project. Whether you need regular maintenance, a one off garden clearance, or any of the other services we offer, we are equipped to handle it with the utmost professionalism and efficiency.

Our goal is to ensure that your garden remains pristine, functional, and aesthetically pleasing.

How It Works

We offer fully customisable maintenance plans to ensure your specific requirements are met effectively.

These services can be scheduled on a regular basis according to your preferences. Whether you require daily, weekly, or monthly maintenance, we offer flexible scheduling options to accommodate your needs.

Our team works closely with you to develop a maintenance plan that aligns with your needs and ensures minimal disruption to your schedule.

Contact us for your **free, no obligation** quote.

We will visit your garden to assess the site, discuss plans, outline maintenance expectations, and determine the frequency of visits.

Within a set time frame you'll receive a formal quote for the works discussed. At this point any other changes or adjustments can be made.

If you are satisfied and wish to proceed, please inform us. We will formally establish your contract and include your garden in our rotation.

And thats it. It is really that simple.
